Solihull Indoor Air Quality Behaviour Change Trial

FOR ATTENTION OF SOLIHULL CONTRACTORS ONLY
NORTH SOLIHULL last chance

Solihull Indoor Air Quality Behaviour Change Trial

WSP, with Solihull Borough Council, West Midlands Combined Authority, and Birmingham & Solihull Community Pharmacy, are looking for local pharmacies to participate in a behavioural change trial of patients with pre-existing respiratory conditions.

The aim of the study is to understand the best ways to change people's behaviours and educate them around indoor air quality and how to improve it.

The trials will take place during November. You will be paid for your time, and we will share the findings with you.

If you are interested in taking part or want to know more, please email by 31 October:

lauren.nixon@wsp.com

The Request

You will be allocated to one of three groups, a control, treatment 1, or treatment 2. Each group will be responsible for providing information to patients with pre-existing respiratory conditions such as asthma or COPD.

- The **Control Group** and **Treatment Group 1** will have to give a leaflet to these patients. For this, you will be paid **£1 per leaflet**.
- **Treatment Group 2** will have to give a leaflet, and read a short, pre-prepared script on the effects of air quality. For this, you will be paid **£4 per consultation**. This consultation can happen at the same time as administering a flu jab.

The trial period will be for four weeks. We will provide the materials, prepare the scripts, and will come to your pharmacy to provide the brief training.

Don't miss out on this final chance to participate!

**If you are interested in taking part or want to
know more, please email by 31 October:**
