

10th February 2025 (#12)

## **Further information from Organon following the LPC Support Session on 9th February**

Dear all,

It was good meeting you at the recent West Midlands Contraceptive Counselling LPC events. I spoke with you about the different ways Organon can support your contraceptive counselling, ensure you offer informed choice and how utilising educational resources can help women understand more about their options so they can ultimately choose a method that best suits their needs and lifestyles.

The **Talk Contraception A3 laminated posters** I had on the stand, detail all the different methods of contraception. Showing her this or our **Talk Contraception A4 tear off pads**, as you talk through options, means she can visualise the different methods and this may result in her having a better understanding of what might best suit her needs and lifestyle.

The **PDF version of the poster** (PDF attached), can be attached to a text, so she can reflect on her options, following your consultation.

Our **HCP LARC discussion flow** (PDF attached) was created with insights from HCPs to help facilitate effective contraceptive counselling. We've moved away from stats and figures and brought the focus to what her needs are, so through conversational questioning, both the HCP and she can recognise what contraceptive methods might suit her best.

[Talk Contraception - Enabling Meaningful Conversations with your healthcare professional](#) a discussion aid designed to help her prepare for her contraceptive consultation.

[Medisa](#) A HCP portal where HCPs can order many of our resources, but I'm very happy to supply these and support you.

If you'd like to hear more about any of the support from Organon above, please  
contact: [debbie.berrios-silva1@organon.com](mailto:debbie.berrios-silva1@organon.com)
