CD Reporting site

Please use the following link for both OOD CD destruction requests and also any new CD incidents to be submitted via:

www.cdreporting.co.uk

Most contractors, we would expect to have a sign in for the CD Reporting site.

Once signed in you need to click on:

- Destruction Request / Log
- Request a witness for destruction of CDs

Contractors need to have all their stock to be destroyed sorted so the process is easy for the witness and have a denaturing kit available and adequate for the volume of product needing to be destroyed. This will free up space in the CD cabinets as well as make CD balancing easier.

If you have any questions please contact:
