

16th April 2025 (#12)

BOOK YOUR PLACE NOW
Asthma: optimising adherence to medicines focal point online
workshop

Thursday 24th April 2025
7pm to 8:45pm

The Pharmacy Quality Scheme 2025 /26 has been announced.

One of the Quality Criterion is Respiratory:

Referrals for patients using 3 or more short acting bronchodilators

Whether in consultation with patients for the New Medicine Service or in a Medicine Review, your identification of this and support can greatly help to improve the health outcomes for asthma patients.

This workshop focuses on the impact of non-adherence to medicines in asthma, detecting non-adherence, different types of non-adherence and the conceptual frameworks to describe it, as well as personalised interventions to support adherence.

Stark Statistics

Did you know that four people in the UK die every day because of asthma attacks.

In the UK we have the worst death rate for lung conditions in Western Europe.

YOU CAN HELP TO IMPROVE THESES STATISTICS

Join CPPE at the [Asthma: optimising adherence to medicines focal point](#) workshop. You can participate from the comfort of your home with no travel required.

This workshop can help you to develop your skills and confidence when supporting patients to optimise adherence. Having the opportunity to share insights and experiences. Enhancing our understanding of how we can support our asthma patients.

The next available [Asthma: optimising adherence to medicines – focal point](#) workshop is scheduled for Thursday April 24th from 7:00pm to 8:45pm. With alternative dates running throughout May. Visit the CPPE website to book your place today.

If you have any questions, please contact:

CPPE colleague: Megan Harris, CPPE regional tutor, megan.harris@cppe.ac.uk
