

13 April 2026 (#5)

Services activity information **Pharmacy First**

The pressures being experienced from dispensing income and rising costs are leading more BSol contractors to seek ways to increase revenue through delivery of advanced services.

The LPC will be publishing periodic services activity information to support contractors to make decisions about which services to offer by sharing publicly available data (usually NHSBSA).

This report is the third quarterly update the LPC has shared with contractors and will be repeated in **August 2026**.

Future reports will include:

- May 2026 - Contraception Service
- June - NMS Service

Contractors requiring further information should contact support@bsollpc.co.uk
