Getting Ready for Prescribing: IT Options Webinar

Webinar details:

Thursday 1 October 2026

6:30pm–7:30pm

Online webinar - NHS England

As community pharmacy prescribing continues to develop, it is important that contractors understand the **IT options** available to support prescribing activity and how these systems can be implemented within practice.

NHS England is hosting a webinar to provide an overview of available prescribing IT solutions and to support pharmacies in preparing for future prescribing services.

We would encourage **all contractors** who are planning for, or considering, prescribing activity within their pharmacy to attend.
